Technical Skills

Languages: Java, Angular, SQL, PL/SQL, HTML5, CSS3, JavaScript

Technologies: Oracle APEX, Rest full web services, AWS, Git

Experience

Software Engineer Intern, ProwessIQ Information Systems Pvt Lt – Chennai,India   Sept 2024 – April 2025

Point of Sale and Endless Aisle

- During my internship, I refactored the Endless Aisle application with custom CSS and reusable templates, built a real-time Gold Coin Stock Check interface with dynamic visualizations , and delivered POS 2425 enhancements—including UI tweaks, new scanner features, and performance optimizations.
- I also developed an Order Management System in Oracle APEX, designing a responsive HTML/CSS/JavaScript UI and optimizing SQL/PLSQL queries to reduce processing time and improve transaction accuracy.
- Automated invoice generation and order tracking workflows, minimizing manual effort and reducing processing errors.

Projects

Vortex Photography: Capturing Moments in Motion

- Developed a photography booking platform with package selection, personalized previews, and automated scheduling, resulting in a 25% increase in conversions with cross-browser compatibility.
- Tools Used: HTML, CSS, JavaScript, Angular, SQL

PingIt: Ping. Chat. Repeat.

- Developed a real-time chat app with Java Sockets and Oops concept, supporting private/group chats, user registration, and file sharing. Developed a responsive JavaFX UI and implemented multithreading for seamless performance.
- Tools Used: Java, Java Sockets, JavaFX, Multithreading

Expense Reimbursement System

- Developed an automated multi-level approval system for expense submissions, streamlining workflow, reducing manual processing, and ensuring timely reimbursements with real-time status updates for improved transparency and reduced administrative overhead.
- Tools Used: Oracle APEX, SQL, PL/SQL

Education

Jeppiaar Engineering College,Chennai BTech Information Technology   Oct 2021 – May 2025
- CGPA: 8.21/10

HSC - Nadar Saraswathi Girls Hr Sec School,Theni   June 2020 – May 2021
- Secured 91.6%

SSLC - Nadar Saraswathi Girls Hr Sec School,Theni   June 2018 – May 2019
- Secured 87.8%

Certifications

Oracle APEX Cloud Developer Certified Professional certification - Oracle   Feb 2025

Programming In Java - NPTEL

Software Engineering and Agile software development(Scrum) - InfosysSpringBoard
